<b>TIME POINTS ITEM(S) COMPLETED:</b>
All
<b>RESPONSE—SPECIFIC INSTRUCTIONS:</b>
<ul style="list-style-type: none"> <li>Only one individual completes the comprehensive assessment. Even if two disciplines are seeing the patient at the time a comprehensive assessment is due, only one actually completes and records the assessment.</li> </ul>
<b>ASSESSMENT STRATEGIES:</b>
<p>The OASIS data set is designed to be discipline neutral in the wording of the items. An RN, PT, SLP, or OT may complete the assessment at any of the time points. The skilled provider must perform the comprehensive assessment during an actual visit to the patient's home and may not rely on a phone interview with the patient/caregiver or other health care providers.</p> <p>The only exceptions to this requirement for being "in the physical presence of the patient" are the OASIS data provided for Transfer to an Inpatient Facility (with or without agency discharge) or Death at Home. See information on M0100 - Reason for Assessment, Responses 6, 7, and 8 for additional clarification.</p>
